

TECHNICAL DATA

Wöhler HR 300 Electric Pressure Washer

Intended uses	The Wöhler HR 300 high-pressure cleaner is suitable for flushing pipes when using the hose. When using the high-pressure gun, the Wöhler HR 300 high-pressure cleaner is suitable for high-pressure cleaning of pressure-resistant surfaces.	
Applications and functionality	• Flushing pipelines during pipe cleaning • Removing various pipe blockages • Cleaning dirty surfaces (e.g. workshop and vehicle fleet cleaning)	
Scope of delivery in the basic version	• Wöhler HR 300 • Water supply hose 5m with GEKA coupling • Hose reel with pipe cleaning hose 30 m • Pressure gauge • Lance with pistol • 5 high-pressure cleaner nozzles • 1 Pipe cleaning nozzle for hose, reflector • 1 pipe cleaning nozzle for hose, front and rear jet • 1 pipe cleaning nozzle for hose, rotating	
Technical Data	Max. Pressure	10 MPa (100 bar)
	Flow rate at 10 MPa	8.7 l/min
	Mains voltage	220 V / 50 HZ
	Performance	2.0 KW / 2.7 HP
	Max. Amp.	12,8 A
	Working speed (RPM)	1450 min ⁻¹
	Compatible nozzles	1/4 "
	Protection class	IP 54
	Weight	56.5 kg
	Permitted	65 °C
